Pregnancy Center West to Benefit from “Damn Yankees” Preview at Incline Theater

Long-standing Partnership Provides Life-saving Resources

(Cincinnati, OH, May 1, 2017) – Pregnancy Center West (PCW) announced today that it will once again benefit from the generous support of Cincinnati Landmark Productions (CLP). CLP will donate half of the proceeds of ticket sales through Pregnancy Center West to benefit PCW's life-affirming ministry. The highly-popular “Damn Yankees” will be previewed on Tuesday, May 23rd, 2017 at 7:30 pm at the Incline Theater. Patrons that wish to benefit Pregnancy Center West are encouraged to visit www.pc-west.org and purchase their tickets through the Events Calendar, or call 513-244-5700.

“We're looking forward to the “Damn Yankees” preview and so thankful to Tim Perrino and his team at Cincinnati Landmark Productions,” stated Nicole Santaella, Executive Director at Pregnancy Center West. “Each day, we’re meeting with women and families that are facing life-changing decisions. We’re there with guidance, resources and encouragement to help them make life-affirming choices. And we continue the relationship to strengthen their families.”

PCW's partnership with Cincinnati Landmark Productions has been an important source of fundraising income for several years. Each year, CLP provides several opportunities for Pregnancy Center West to benefit from the preview shows. For the remainder of 2017, these shows include “Damn Yankees” in May at the Incline Theater, then “The Miracle Worker” in September and “Annie” in November at the Covedale Theater. Patrons attending the shows have consistently had a great theatrical experience, as both the Covedale Center and the Incline Theater are known for their excellent productions.

Tickets for this preview show are only \$20 each, with half of the proceeds benefitting Pregnancy Center West. To purchase tickets for “Damn Yankees,” to be previewed on Tuesday, May 23, 2017 at 7:30 pm, please visit the Events Calendar at www.pc-west.org, or call 513-244-5700.
